Dear student,

The UAS Technikum Wien asks for your help in evaluation of your internship in the framework of the SOP Project by giving your opinion on several aspects. We also invite you to make suggestions in order to help us prepare even better projects in the future.

Name: Theresa Steiner

Department:

Company:

Please give your opinion on the following:

Title	Very good	Good	Suffi- cient	Poor
1. How do you assess the welcoming programme organised by the College of Politechnics Jihlava? Comment: Zbynek Bures picked me up at the bus station and organized everything at the hotel and the company. He gave me maps of Jihlava and showed me the town centre as well as gave me information about it.	x			
2. How do you assess your company tutor? Comment: My problem was that there was only one person who spoke english. He wasn't too interested to work with me and didn't integrate me fully into the working process.			x	

Title	Very good	Good	Sufficient	Poor
<p>3. How do you assess the information materials? Did you get enough information about life in Jihlava/Telc?</p> <p>Comment: Zbynek Bures gave me maps and showed me around and brought me to the tourist information centre. He was very helpful and friendly.</p>	x			
<p>4. How do you rate your accommodation?</p> <p>Comment: The people at the hotel were very nice and attentive. I had a problem with my diet but they tried everything to adjust to my needs. The hotel itself was nice but I had these little bugs from the plant in the room all over the bed - that wasn't so nice but even then they tried to solve this problem.</p>		x		
<p>5. How do you assess the meals during your internship?</p> <p>Comment: The meals in the hotel were really very good and the cook was also very nice.</p>	x			
<p>6. How do you assess the coaching by the project team from the College of Polytechnics Jihlava?</p> <p>Comment: There was no coaching from the College, only the people from the company.</p>				
<p>7. How do you assess the project homepage? http://kei.vspj.cz/sop/anglicky/index.html?</p> <p>Comment:</p>	x			
<p>8. How do you assess the coaching and communication by the FH TW International (Angelina Kratschanova) before your stay?</p> <p>Comment: Ms. Kratschanova took her time to explain everything to me as well answered all of my emails, she was very cooperative. There was some kind of misunderstanding about the time I intended to stay in Jihlava - it wasn't a big problem and was resolved quickly by Zbynek. It would have been helpful if the information about hotel, the time amount of the stay and general information about Jihlava was handed out in print before departure.</p>		x		
<p>9. What is your opinion of the internship as a whole?</p> <p>Comment: The stay in Jihlava itself was a very nice experience. I went there to work on the project but wasn't able to do much for the people of the company didn't really know what to do with me. Further, I only had one person in the company who spoke English which made communication difficult. The two of us had some personal problems and therefore the working experience was sufficient, the rest of the team at the company and especially Zbynek Bures were very nice.</p>			x	

What your motivation to participate in the project?
